Why Donors Trust This Work

Privacy-safe, audited, and intentionally small - every rupee accounted for.

Each case is vetted locally before disbursement. We do not chase volume.

Separated funds

Zakat and Sadaqah accounted for separately with mixed-fund cases tracked.

Public privacy-safe stats

Recipient names, IDs, addresses, and donor identities never appear publicly.

Goods, not cash

Funds are released as inventory, tools, or sponsorship - never untracked cash.

Consent-led storytelling

Photos and quotes are published only after explicit recipient consent.

Monthly reporting

Period-by-period public reports - every month with cases is published.

What's Next

Three priorities for the next 12 months - depth before breadth.

NEAR-TERM

Verified follow-ups

Visit and document outcomes for the 25+ cases currently in 'awaiting follow-up' status, before adding new cases.

MID-TERM

02

Launch white-collar arm

LONG-TERM

03

Endowment + scale

Build a small endowment, expand the donor circle from 200+ toward 1,000, and scale to neighbouring states with verified local partners.

Depth before breadth - every new case must come with verified follow-up capacity.
